# Pratik Kumbhar

## **Technical Skills**

Languages: JavaScript, C/C++

Frontend: HTML, CSS, Tailwind CSS, React.js Backend: Node.js, Express.js, Mongoose

Databases: MongoDB, MySQL

Tools & Concepts: Git, GitHub, Postman, REST APIs, JWT Auth, DSA, OOP, DBMS

### **Projects**

## **Concert Booking Website**

Tech Stack: React, Node.js, Express.js, MongoDB, Tailwind CSS **GitHub:** github.com/pkpotter03/Concert-booking-website

- Built a full-stack MERN application with JWT-based authentication and role-based access control for users and admins.
- Designed RESTful API endpoints for user registration, login, concert CRUD operations, and ticket bookings.
- Used MongoDB with Mongoose for schema-based data modeling and real-time ticket availability tracking.
- Created a responsive UI using React, React Router, and Tailwind CSS for smooth user navigation.
- Implemented an admin dashboard to manage concerts and monitor all ticket bookings.

#### Weather App

Tech Stack: React.js, Tailwind CSS, Axios, OpenWeatherMap API

**GitHub:** github.com/pkpotter03/weather-app **Live Demo:** weather-app-pkpotter03.vercel.app

- Built a real-time weather dashboard that fetches current weather data using the OpenWeatherMap API.
- Managed state efficiently using React hooks (useState, useEffect) and handled API calls via Axios.
- Designed a fully responsive and minimal UI with Tailwind CSS, ensuring cross-browser and mobile compatibility.
- Implemented error handling for invalid inputs and API failures to ensure a robust user experience.
- Deployed on Vercel for fast global delivery and seamless CI/CD integration.

#### Experience

#### Cognifyz Technologies

Jan 2024 - Feb 2024

Web Developer Intern

- Developed static and interactive UI components using HTML, CSS, Bootstrap, and JavaScript under remote supervision.
- Delivered all assigned tasks on schedule, demonstrating responsibility and consistency in meeting project deadlines
- Explored new frontend techniques and actively sought feedback to improve code quality and understanding.

A.N.D. Interns July 2024 - Sept 2024

Full Stack Development Intern

- Built responsive web components using React.js and Tailwind CSS, enhancing UI speed and modularity.
- Collaborated on full-stack features, gaining practical experience in frontend/backend integration.
- Completed all project modules independently and on time, demonstrating strong technical ownership and problem-solving skills.

#### Education

#### D.K.T.E Textile and Engineering Institute, Ichalkaranji

B.Tech in Computer Science and Engineering

Shraddha Junior College of Science and Commerce, Ichalkaranji

June 2019 - May 2021 Percentage: 90.83%

Dec 2021 - June 2025

CGPA: 6.82 / 10

XII Science
